*(1) Must include extensive experience and clinical knowledge of long term monitoring in epilepsy and in critical care ICU Monitoring. Additional experience and knowledge of ambulatory EEG monitoring, epilepsy surgery including functional mapping, is also expected.

### Completion of Documentation Form

1. Cases must have been recorded within the last 5 years, with 10% (5) being recorded within the last 12 months.
2. No more than 10% (5) of the cases may be ambulatory monitoring. Each admission may only be counted as 1 case, regardless of the number of days of monitoring.
3. ABRET will accept documentation of up to three cases per day. Do not submit more than the requested number of cases.
4. Documentation forms will be randomly audited which can delay or negate eligibility.

The CLTM credential is awarded for five years. See the options under Recertification.

Scheduling Examination

Candidates cannot schedule an examination appointment until they have received a Scheduling Authorization from the Professional Testing Corporation (PTC) via email.

Scheduling Authorizations will be emailed to candidates approximately 10 days after the status of “Eligible to Test” is achieved. The Scheduling Authorization will indicate how to schedule your examination appointment as well as the dates during which testing is available. Appointment times are first-come, first serve, so schedule examination appointment as soon as you receive your Scheduling Authorization in order to maximize testing at your preferred location and on your preferred date.

If you do not receive a Scheduling Authorization within two weeks of achieving “Eligible to Test” status, contact PTC at (212) 356-0660 for a duplicate.

Current government-issued photo ID (driver’s license or passport) must be presented in order to gain admission to the testing center. **Temporary, paper driver’s licenses are not accepted.** It is recommended to take a printed copy of Scheduling Authorization as well as PSI appointment confirmation.

It is the candidate’s responsibility to contact PSI to schedule the examination appointment.

Arrival at the testing site at the appointed time is the responsibility of the candidate. Plan for weather, traffic, parking, and any security requirements specific to the testing location. Late arrival may prevent you from testing.

*It is highly recommended the candidate becomes familiar with the testing site prior to appointment

Changing Examination Appointment

To reschedule current examination appointment to a different date within your three (3) month testing period, you MUST contact PSI at (800) 733-9267 two business days PRIOR to scheduled appointment, NO LATER than noon (12:00pm) Eastern Standard Time.

Special Testing Site Request

The following references, or most recent editions of the following, may be useful in preparing for the examination. Currently there exists no single textbook to cover all aspects of EEG, EP and other neurophysiological and electroneurodiagnostic studies for Long Term Monitoring (Epilepsy, ICU and Ambulatory). The following are some sources including books, journal articles and other materials that may be used for study for the CLTM examination. The list does not attempt to include all acceptable references, nor is it suggested that the Certification Examination in Long Term Monitoring is necessarily based on these references or sources.

Scoring

The Board set the passing standard as the number of test questions it determines to be necessary for candidates to answer correctly in order to be considered at least minimally competent. This method focuses on the particular test that is being administered. Different forms of an examination are matched for difficulty and content coverage. This comprehensive approach makes use of information about the performance of similar groups in the past.

ABRET is concerned with reporting only valid scores. On rare occasions, misconduct or circumstances beyond the individual’s control may render a score invalid. If doubts are raised about a score because of these or other circumstances, ABRET reserves the right to cancel any examination score if, in the sole opinion of ABRET, there is adequate reason to question its validity.

Report of Results

At the end of the examination, candidates will receive a printout that confirms their completion of the examination. Candidates will receive an UNOFFICIAL test result report prior to leaving the testing center.

Approximately 2-3 weeks following examination date, candidates will receive an email when the OFFICIAL test result has been uploaded into their ABRET Credential Manager account. Scores on the major areas of the examination and on the total examination will be reported and mailed to the candidates.

Candidates may request a Handscore Report of their exam by completing a form directly to PTC with a $25 fee. Here is the link: [http://ptcny.com/PDF/PTC_Handscore_Request_Form.pdf](http://ptcny.com/PDF/PTC_Handscore_Request_Form.pdf)

* Please do not contact the ABRET office about your results until you receive your OFFICIAL test results. You will not be able to reapply until the OFFICIAL test results are in.

Examination Challenges

Candidates may comment in the appropriate section at the end of the examination about any test question or questions, test procedure, and/or the test itself. Alternatively, a candidate may submit a complaint in writing to the ABRET Executive Director no later than fourteen (14) calendar days after taking the examination. All challenges and complaints will receive ABRET’s full attention. Comments regarding examination validity will be review by the ABRET examination committee. Examination materials shall not be available for review by candidates.

Confidentiality

1. ABRET will release the individual test scores ONLY to the individual candidate.
2. From time to time it may be necessary for the ABRET Executive Office and BOD to disclose candidate information and/or scores. No material or information disclosed will be released to any unauthorized person.
3. Any questions concerning test results should be referred to ABRET or the Professional Testing Corporation.
4. ABRET provides the national NDT society with the names, addresses, and emails of passing candidates. Candidates may opt-out by contacting ABRET.

Attainment of Credential

Eligible candidates who pass the Certification Examination in Long Term Monitoring will be certified in long term monitoring for a period of five years, will be permitted to use the CLTM designation after their names, and will receive a time-limited Certificate from ABRET. They will be eligible for recertification after 5 years. If not recertified, they will no longer be permitted to use the CLTM designation.
